Round 14 until the hat is the desired length: sc in all sts around and around and around

I hope by this point you see the pattern emerging. I usually go to Rnd 13 for a mans hat, Rnd 11 for a youth or womens hat, Rnd 10 for a childs hat, Rnd 9 for a toddler hat and Rnd 8 for a baby hat.

This is more of a guideline pattern, you can make your first hat and then adjust the crown rounds to your desired size adding increases if needed by doing more rounds in the set pattern.

Enjoy!!
